PROFILE

Detail-oriented and motivated BS Information Technology student from Pangasinan State University, with a strong foundation in software development, database management, and web technologies. Seeking an internship opportunity to apply my academic knowledge and technical skills in a hands-on environment. Eager to learn, grow, and collaborate with a forward-thinking team to contribute to impactful projects and gain valuable industry experience.

EXPERIENCE

STUDENT LEADER | CAPSTONE PROJECT
Nov. 2023- Present | Pangasinan State University

- Managed and developed multiple projects, including websites and applications such as a Car Rental Management System, Pet Adoption and Management System, Lost and Found System, and Finance Tracker App.
- Implemented streamlined processes for project tracking and maintenance, enhancing user experience and operational efficiency.
- Conducted training sessions for team members on development practices, improving project outcomes and client satisfaction.
